OVERVIEW

The New Orleans Business Alliance’s Economic Development Ambassador Program provides in-depth insight into the work of growing and diversifying the city’s economy. Because economic development cuts across every industry and impacts the economic security of all New Orleanians, this 7-week program convenes experienced leaders from a variety of business sectors to engage participants and produce informed ambassadors for our city.

The program connects participants with industry experts and business leaders across all facets of the economic landscape in New Orleans. Leveraging experiential learning, design thinking, and panel formats, the program pairs data with discussion around issues, opportunities, and plans for New Orleans’ economic future. Program participants are encouraged to engage and contribute to the agenda for the evening. In addition to weekly sessions, the program offers tours of companies and locations that serve as the community’s major economic drivers. The program culminates with group presentations related to session themes.
